Aeorema Communications plc ('Aeorema' or 'the Company')

Interim Report

Aeorema Communications plc, the AIM-traded live events agency, announces its unaudited results for the six months ended 31 December 2019.

Overview

- Revenues of £2,913,290 (2018: £1,997,303)
- Operating loss pre-exceptional items of £89,978 (2018: loss of £141,765)
- Robust cash position of £1,393,243 (31 December 2018: £1,030,956)
- Coronavirus continues to impact on full financial year

Chairman's Statement

The six months ended 31 December 2019 demonstrated robust trading, with exciting projects being created and a pipeline of new business wins, resulting in strong revenues up 46% against the previous year. This contributed to our loss before tax narrowing to £(89,978). Since then, Aeorema, like many other companies, has been significantly impacted by COVID-19, as clients postpone events. These unprecedented times have sadly meant that immediate action was required to ensure the safety of the business including several cost-cutting initiatives, which have been implemented with a heavy heart.

I'll start with the good news with recent wins including an event for a global tech company in Chicago, activations at Euro 2020 for a major newspaper brand and new tech clients for Cannes Lions. Whilst all these events are now postponed into the next financial year, we are confident that we are in a strong position to work through this crisis, not least because we know that we have an excellent reputation, a strong value proposition and a unique selling proposition in the marketplace. Notably, this proposition includes, in tandem with events, a leading moving image department, which continues to work with clients and help global teams communicate through traditional video and digital technologies.

Importantly, the quality of our work has been highlighted by several recent award wins, including the most Creative Agency, the most Innovative Agency and the delivery of the Best Visual Spectacular. These have helped further build our reputation and led us to being shortlisted for several new potential client wins, which we anticipate will be finalised once the crisis abates.

Furthermore, our existing clients are very supportive and have indicated that they want to work with us when the crisis subsides.

Unfortunately, as mentioned, the Company took the decision to make immediate significant reductions in overheads, including, regrettably, reducing our workforce by 25%. Additionally, Non-executive Chairman and our largest and supportive shareholder, Mike Hale, will not be taking any salary payments from the PLC until further notice.

Looking ahead, COVID-19 continues to impact on our anticipated full financial year's figures. The Directors therefore envisage a loss before tax for FY20 of between £150,000 and £250,000. As mentioned in the recent trading update, the Directors consider it appropriate for market forecasts to be suspended at this time.

The Directors remain confident that the revenue and profit from postponed events will now fall into the financial year ending 30 June 2021. Aeorema has maintained its strong cash position with £1,393,243 in the bank as at 31 December 2019 (31 December 2018: £1,030,956). As at the date of this announcement, cash in bank is circa. £1,700,000. Our dividend policy will be reviewed later in the year when we have a clearer picture of FY 20 results and the economic climate.

We remain vigilant about opportunities that may emerge where we can use our strong position to offer companies with less resources join our group and remain well positioned to win new business across our divisions including within our moving image department.

Finally, I would like to thank our employees for their hard work and commitment, as well as our shareholders for their continued support and wish them all health above all else over the coming months.

M Hale Chairman 20 March 2020
