Chairman's Statement

The six-month period ended 31 December 2022 has been a period of continued growth and major investment for the Group, following the record financial year we announced in November.

Group revenue increased by 45% year-on-year to £7.12 million (H1 2021: £4.91 million) and profit before taxation by 28% to £0.33 million (H1 2021: £0.26 million). The Group continues to invest in the team, our processes, and offices, in order to put us in a strong position to achieve sustained growth and success in the future.

The team continues to adapt and diversify to meet the range of demands and evolving needs, of both new and existing clients. As a fully integrated agency, the Group has consistently delivered innovative and bespoke events on a live, virtual and hybrid basis to a range of clients across many sectors. Moreover, the team has been able to capitalise on the ever-changing nature of the industry by expanding our offerings to include long-term communication campaigns and consultancy services. The

development of a longer-term client partnership approach has successfully been executed with leading brands across multiple regions and markets. The flexible nature of the business model has enabled the Group to maintain a loyal base of blue-chip clients.

I am thrilled that the team's remarkable efforts have been recognised with award nominations and successful wins, both during and post-period end. Cheerful Twentyfirst, Aeorema's main operating division, won *Creative Team of the Year* for the fifth year running at the Conference News Agency Awards, *Best Agency* at the Micebook V Award, and *Best Place to Work* and *Global Agency of the Year* at the C&IT awards. Winning these high-profile awards not only bears testament to the strong ability of our team, but also affirms the Group's leading position in the sector.

We are delighted to announce, as a post-period end event, that we are working with Stagwell Inc. a NASDAQ listed, multi-billion-dollar challenger in the marketing network, on a unique brand activation 'Sport Beach' at Cannes Lions International Festival of Creativity. The activation is expected to be one of the largest brand activations in Cannes this year, and with discussions ongoing surrounding other additional contracts, 2023 has a promising outlook to be our biggest presence at the festival to date.

We continue to benefit from an increased global footprint, a growing presence in mainland Europe (with the opening of our Amsterdam office), and we continue to seek additional growth opportunities in line with our global growth strategy. Moreover, we look to serve the growing needs and requests of our clients operating in London and New York, by continuing the increased integration of the respective offices, as well as expanding our own presence in the North American market.

We are pleased to report that Eventful Limited, our venue sourcing and incentive travel agency, has had a strong six months with a record number of events. I am optimistic that we will be able to report a return to profitability at the end of the 2023 financial year.

Following the introduction of our client carbon measurement programme and the addition of a Sustainability Director in April 2022, post-period end we were pleased to launch our third annual Corporate Social Responsibility ("CSR") charter. The CSR charter was established as part of our transition into a value-led agency that views people, planet and prosperity as a balanced scale.

The 2023 CSR charter introduced several new environmental initiatives and commitments including the publication of our 2022 operational carbon footprint, and the offsetting of the Group's last three years' carbon emissions. A revised assessment tool, which considers the social and environmental impact of any new project also enables us to take on briefs that match our ethos and reinforce our commitment to become Net Zero by 2030.

We are very confident about the outlook for the remainder of the 2023 financial year. As mentioned earlier, we have more significant projects at Cannes this year than ever before. The investment we have made in strengthening our team and resources is a significant factor in the growth we have achieved, and it provides us with the structure to achieve significant revenue growth going forward. We are also confident that we can maintain our policy of paying a dividend to shareholders without limiting our growth opportunities.

Finally, I would like to take the opportunity to thank our dedicated team and our shareholders for their continued support and I look forward to what the rest of the year will bring.

M Hale Chairman 28 March 2023
